Larry –

Enjoy your time off. As John Lennon sang: “Turn off your mind, relax, and float downstream.” I look forward to talking with you in January.

Tod,

It's been a crazy time – very busy. But I'm taking off the rest of the year for the holidays. Maybe we can talk in January. I'm looking forward to new challenges in 2021.

I hope you are well. Happy holidays!

Larry

Subject: Transition

Hi Larry –

I hope the transition (at the very least the transition to longer days) is going well for you. I don't think we've talked since we had lunch in D.C. just before the 2016 election. If you have a few minutes it would be great to check in with you.

Tod Gold
